

NAME: DR. ARGHADEEP BOSE**Personal information**

Designation: Assistant Professor, Department of Geography & Geoinformatics, The Assam Royal Global University.

Nationality: Indian

Date of Birth: 8th February 1996

Permanent Address: Collegepara, Kaliyaganj, Uttar Dinajpur, Pin-733129

Language Proficiency: English, Hindi, Bengali

Contact: +91-8145280647

Email: arghadeepgeo@gmail.com

Date of Joining: 05.12.2025

ORCID: <https://orcid.org/0000-0002-3284-4633>

Citations: **1938** **h-index:** **21** **i10 index:** **25**

**Education**

Year	Degree	Name of Institution	Board/University
2024	Ph.D. in Geography and Applied Geography, Faculty of Science (Awarded)	University of North Bengal	University of North Bengal
2019	Ph.D. Coursework Examination	University of North Bengal	University of North Bengal
2018	Masters in Geography & Applied Geography (Gold Medalist)	University of North Bengal	University of North Bengal
2016	Geography (Honors), Economics and History (Pass) (1 st Class 1 st in college)	Ananda Chandra College, Jalpaiguri	University of North Bengal
2013	Higher Secondary Examination	Kaliyaganj Parbati Sundari High School	West Bengal Council for Higher Secondary Education (W.B.C.H.S.E)

	<table><tr><td>2011</td><td>Secondary Examination</td><td>Kaliyaganj Parbati Sundari High School</td><td>West Bengal Board of Secondary Education (W.B.B.S.E)</td></tr></table> Net Qualified – UGC NET (Lectureship): a) November 2017 b) July 2018 c) December 2018 d) July 2019 UGC NET (J.R.F): e) December 2019 (AIR 58) West Bengal State Eligibility Test (WBSET): a) 2017	2011	Secondary Examination	Kaliyaganj Parbati Sundari High School	West Bengal Board of Secondary Education (W.B.B.S.E)
2011	Secondary Examination	Kaliyaganj Parbati Sundari High School	West Bengal Board of Secondary Education (W.B.B.S.E)		
Academic specialisation <i>(Subject Specialization in PG and Research)</i>	Urban Geography, Human Geography, Application of RS and GIS, Air Quality Studies				
Fieldwork /Industrial Experience <i>(Details of field work /organization with tenure)</i>	2025: Pelling, Sikkim. 2024: Rajgir, Bihar. 2023: Panchmari, Madhyapradesh 2022: Totopara, Alipurduar, West Bengal. 2021: Tinchuley, Darjeeling, West Bengal. 2018: Goa. 2017: Nainital, Uttarakhand. 2015: Vishakhapatnam, Andhrapradesh.				
Professional Experience and Activities <i>(Academic and Administrative Responsibilities in</i>	• Assistant Professsor, Department of Geography, St. Xavier’s College Burdwan (02/05/2024-28/11/2025). • SPOC, Swayam Nptel local chapter, St. Xavier’s College, Burdwan 2025 (April 2025-November 2025). • Co-ordinator, Anti-Ragging Cell, St. Xavier’s College, Burdwan (July 2025-November 2025).				

Educational Institution)	• Member of the Sports Committee, St. Xavier's College, Burdwan (May 2024- November 2025). • Member of the Library Committee, St. Xavier's College, Burdwan (April 2025-November 2025). • Junior Research Fellow (J.R.F), Department of Geography and Applied Geography, University of North Bengal (2020-2021). • Senior Research Fellow (S.R.F), Department of Geography and Applied Geography, University of North Bengal (2022-2024) • Member of the organizing committee (As Research Scholar) MoES Sponsored Three Days International Conference, 2024 on 'Emerging Issues in Environment, Livelihood and Development: A Future Road Map towards Sustainable Earth' organized by the Department of Geography & Applied Geography, University of North Bengal, Darjeeling, West Bengal, India from 26th to 28th January 2024.
Publications (Chronologically from Recent to Oldest) (Last five years only with ISBN number and ISSN number only UGC care listed applicable)	1. Bose, A., & Chowdhury, I. R. (2024). Towards cleaner air in Siliguri: A comprehensive study of PM2. 5 and PM10 through advance computational forecasting models for effective environmental interventions. Atmospheric Pollution Research, 15(2), 101976. ISSN- 2363-6211, Scopus Indexed 2. Bose, A., & Roy Chowdhury, I. (2023). Investigating the association between air pollutants' concentration and meteorological parameters in a rapidly growing urban center of West Bengal, India: a statistical modeling-based approach. Modeling Earth Systems and Environment, 9(2), 2877-2892. ISSN- 2363-6211, Scopus Indexed 3. Bose, A., Roy, S., Majumder, S., & Chowdhury, I. R. (2023). Lost in the cityscape: Exploring urban homelessness, its societal imprints and policy suggestions. Societal Impacts, 1(1-2), 100026. ISSN- 2949-6977 4. Bose, A., Basak, D., Roy, S., Chowdhury, I. R., Abdo, H. G., Aldagheiri, M., & Almohamad, H. (2023). Evaluation of urban sustainability through perceived importance, performance, satisfaction and loyalty: An integrated IPA–SEM-based modelling approach. Sustainability, 15(12), 9788. ISSN- 2071-1050, Scopus Indexed 5. Roy, S., Bose, A., Majumder, S., Roy Chowdhury, I., Abdo, H. G., Almohamad, H., & Abdullah Al Dughairi, A. (2022). Evaluating urban environment quality (UEQ) for Class-I Indian city: an integrated RS-GIS based exploratory spatial analysis. Geocarto International, 2153932.ISSN- 1752-0762, Scopus Indexed 6. Salem, M., Bose, A., Bashir, B., Basak, D., Roy, S., Chowdhury, I. R., ... &Tsurusaki, N. (2021). Urban expansion simulation based on various driving factors using a logistic regression model: Delhi as a case study. Sustain 13: 1–17. ISSN-2071-1050, Scopus Indexed

7. Basak, D., **Bose, A.**, Roy, S., Chowdhury, I. R., & Sarkar, B. C. (2021). Understanding sustainable homestay tourism as a driving factor of tourist's satisfaction through structural equation modelling: A case of Darjeeling Himalayan region, India. *Current Research in Environmental Sustainability*, 3, 100098. Seminars / Conference presented (<i>only participation will not be considered</i>) in (<i>Chronologically from Recent to Oldest</i>)	- Towards Cleaner Air in Siliguri: A Comprehensive Study of PM2.5 and PM10 through Advance Computational Forecasting Models for Effective Environmental Interventions was presented at the ICSSR-ERC sponsored National Seminar on Urbanization, Urban Environment and Sustainability in the Himalayan and Sub-Himalayan Region held at the University of North Bengal on 1st and 2nd July 2023. This event was conducted offline. - Presented research paper in the 5th West Bengal State Science and Technology Congress at the University of Gour Banga on 12th January 2023, awarded Best Paper. This event was conducted offline. - Presented research paper in the 4th West Bengal State Science and Technology Congress at Alipurduar College in 2023, awarded Best Paper. This event was conducted offline. - Dynamic Simulation of Urban Expansion through Markov Chain Model: A Case Study of Siliguri City was presented at the 4th Regional Science and Technology Congress held at Alipurduar College on 18th and 19th December 2019. This event was conducted offline.

	5. Urban Growth Dynamics Using Remote Sensing to Propose Future Urban Growth in Siliguri and Adjacent areas: A Case Study was presented at the 31st IGI Conference and National Seminar on the sub-theme of “Application of Geospatial Technology in Geomorphology and Environment,” organized by the Department of Geography and Applied Geography at the University of North Bengal, from 12th to 14th November 2019. This event was conducted offline.
Seminar / Conference Technical Session Rapporteur	Acted as the Rapporteur in Technical Session No. 6 at the ICSSR-ERC sponsored National Seminar on Urbanization, Urban Environment, and Sustainability in the Himalayan and Sub-Himalayan Region, held at the University of North Bengal on 1st and 2nd July 2023.
Workshops participated (Chronologically from Recent to Oldest)	- Passed a certificate course on “<i>Learning of Q- GIS</i>”, Organised by Department of Geography, University of Gour Banga, held on 5th To 12th October, 2018. - Passed a certificate course on “<i>Application of ArcGIS software in Research Methodology</i>”, Organised by “The Centre for Environment and Economic Development (CEED), New Delhi and P.G Department of Geography, Vivekananda College of Women, Barisha, Kolkata” held on 29th to 4th November 2018. - Passed a certificate course on “<i>Unmanned Aerial Vehicle/Drone for 3D Mapping Applications</i>” Organised by Department of Geography, Kazi Nazrul University, Asansol, held on 10th and 11th January, 2019. - Passed a certificate course on “<i>Understanding SPSS & its Application In Research</i>”, Organised A.K Dasgupta Centre for the Planning and Development, Visva-Bharati, Santiniketan held on 17th to 23rd July, 2019. Completed NGP-DST winter School on Geospatial Technologies (Level I) conducted from 30th January to 22nd February (21 days) 2023 by University of North Bengal along with Department of Science and Technology, New Delhi, Govt. of India and secured “A” Grade. - Successfully Completed the E- Workshop on Bibliometric Analysis using R studio and VosViewer on 27th August 2023 organised by Commacad. - Passed a ten days online FDP certificate course on “Advancements in Environmental Remote Sensing and Machine Learning” conducted by Centre for Advanced Research in Environment and Remote Sensing (CAREER), Madurai, Tamilnadu, India. - Passed a seven days online certificate course on “Basic of Remote Sensing, Geographical Information System (GIS) and Global Navigation Satellite System (GNSS)” sponsored by AICTE in collaboration with Francis Xavier Engineering College, Tirinelvei during 21th to 26th september, 2020. - Passed a seven days online FDP certificate course on “Machine Learning” from 19th to 24th July, 2021 organized by E & ICT Academy, IIT Kanpur (A Joint Initiative of MeitY & IIT Kanpur).

	10. Passed a seven days online certificate course on “Research Methodology” jointly organized by GRABS Educational Charitable Trust and Tamilnadu Association of Intellectuals and Faculty from 5th to 11th May, 2020. 11. Passed a four days online certificate course on “Research Ethics and Publication Ethics” organized by Indian Academic Researchers Organization, Tiruchirapalli, Tamilnadu, India from 12th to 15th April 2020. 12. Completed a Researcher Academy on Campus Certificate of Attendance on “Two Day National Open Workshop on Getting Aligned to the Publishing Process- Scopus + ScienceDirect” at Elsevier, on Monday 28 September, 2020. 13. Completed a Two-Day Workshop on “Aligning Yourself to the Publishing Process” on 23rd & 24th July, 2020 at Elsevier. 14. Participated in the online training programme on “Hill Road Sustainable Infrastructure - Challenges and Management” on 24 Aug 2021 organized by National Institute of Disaster Management, Ministry of Home Affairs, Govt. of India in collaboration with Geotechnical Engineering Division CSIR-Central Road Research Institute. 15. Participated in the online training programme on “Disaster Resilient Waste Management for Sustainable Spaces” on 16 Jun 2021 to 18 Jun 2021 organized by National Institute of Disaster Management, Ministry of Home Affairs, Govt. of India in collaboration with IMPRI Impact and Policy Research Institute. 16. Participated in the workshop on “Writing Literature Review Article : Weekend” presented by Mr. Daniel C, Director, Manuscriptpedia, Jointly organized by Cape Institute of Technology, Levengipuram and Manuscriptpedia On 16 th May, 2020 through online pedagogy. 17. Participated in the Online Training programme on “Localizing Sustainable Development Goal” held on 13-17 September, 2021 by NATIONAL INSTITUTE OF RURAL DEVELOPMENT & PANCHAYATI RAJ, NORTH EASTERN REGIONAL CENTRE, Khanapara, Guwahati.
Faculty Development Programmes (FDPs) / Training Programme attended	- Completed 8 weeks Swayam NPTEL course on Handling Large-Scale Unit Level Data by By Prof. Pratap C. Mohanty, Department of Humanities and Social Science, IIT Roorkee in the year 2024. - Completed 8 weeks Swayam INI course on Geospatial Practices in Ancient Indian Knowledge Systems By Dr. Rashmi from Banaras Hindu University in the year 2025 with distinction.
Awards /Honours (Chronologically from	Presented research paper in 5th Regional Science and Technology Congress- 2023 held on 11th and 12th Jan, 2023 and received Outstanding Paper Presentation award.

Recent to Oldest)	- Presented research paper in 4th Regional Science and Technology Congress-2019 (Northern Region) held on 18th and 19th Dec, 2019 and received Outstanding Paper Presentation award (Selected for state science and Technology congress). - Presented research paper in 3rd Regional Science and Technology Congress-2018 (Northern Region) held on 12th and 13th Dec, 2018 and received Outstanding Paper Presentation award (Selected for state science and Technology congress). Gold Medalist from Department of Geography and Applied Geography, University of North Bengal for standing 1st class 1st position in M.A. 2016-2018. College topper in UG Geography Hons. (2013-2016) from Ananda Chandra College, Affiliated to University of North Bengal. - Participated in Inter-College Quiz Competition on behalf of Ananda Chandra College Organized by Bongiyobhugol Mancha on 23rd August 2015, held in Jalpaiguri and selected as a Champion.
Extra - Curricular Interests and activities	- Reading Detective Books: Passionate about reading detective novels, especially works by Arthur Conan Doyle and Agatha Christie. - International Relations: Keen interest in following international relations and global political dynamics. - Sports Enthusiast: Active in playing cricket and avidly follow major sports events such as the Olympics, football, and cricket. - Defense Updates: Regularly follow recent innovations and R&D activities by DRDO and other defense-related updates. - Political Debates: Interested in following political debates and discussions in mass media. - Traveling: Enjoy traveling to offbeat destinations, with a particular fondness for exploring hills and natural landscapes. - Academic Research: Engaged in academic research, particularly in the field of urban analytics, exploring and analyzing urban dynamics and trends.
Volunteer experience	- Actively participated in community services during COVID-19, providing support to vulnerable populations by distributing food, essential supplies, and health information. - Engaged in local tree plantation activities near my hometown, contributing to environmental conservation and raising awareness about the importance of green spaces. - Volunteered at blood donation camps, assisting in the organization and management of the events, and encouraging community members to donate

	blood for those in need. • Additionally, distributed clothing in tribal areas of Darjeeling district along with other members during the Durga Puja festive season.
Language Proficiency	➤ <i>English (Proficient)</i> ➤ <i>Hindi (Proficient)</i> ➤ <i>Bengali (Native)</i>
Service as a Researcher and Reviewer in Scopus Journals	✚ <i>Journal of Indian Society of Remote sensing</i> ✚ <i>Environmental Science and Pollution Research</i> ✚ <i>Geo-journal</i> ✚ <i>Gender issues</i> ✚ <i>Modeling of Earth Systems and Environment,</i> ✚ <i>Earth systems and Environment,</i> ✚ <i>African journal of Climatology.</i> ✚ <i>Frontiers in Public Health</i> ✚ <i>International journal of Human Rights</i> ✚ <i>Environment Development and Sustainability</i> ✚ <i>Plos One</i> ✚ <i>Qeios</i> ✚ <i>Environmental science and pollution research international</i> ✚ <i>Current world environment</i> ✚ <i>Aerosol and air quality research</i> ✚ <i>Journal of cleaner production</i> ✚ <i>Sustainable cities and society</i>
Vision for the next five years	Over the next five years, as a successful faculty member in Geography, my primary focus will be on fostering a student-centric learning environment that empowers students to develop a deep understanding of geographical concepts and their practical applications. I envision achieving this through a combination of innovative teaching methodologies, active engagement with the latest research, and a strong commitment to mentoring and supporting my students. Innovative teaching methodologies: To ensure a dynamic and engaging learning experience, I will incorporate cutting-edge teaching methodologies that cater to diverse learning styles. These may include blended learning, flipped classrooms, case studies, project-based learning, and interactive simulations. By integrating technology into the classroom, such as Geographic Information Systems (GIS) and remote sensing tools, I will provide students with hands-on experience in utilizing modern tools to analyze and solve real-world geographical problems.

	Active engagement with research: Staying current with the latest research and developments in the field of geography is essential for providing students with up-to-date knowledge and skills. As a faculty member, I will actively engage in research, collaborate with fellow academics, and attend conferences and workshops to ensure that I am at the forefront of emerging trends and technologies. This will enable me to enrich my teaching with the latest insights and findings, ultimately benefiting my students. Mentoring and support: Recognizing the importance of providing personalized guidance and support, I will prioritize one-on-one mentorship and regular feedback for my students. By creating an inclusive and supportive learning environment, I will encourage students to ask questions, seek clarification, and actively participate in the learning process. I will also provide opportunities for students to engage in research projects, internships, and fieldwork, thereby facilitating their growth as independent researchers and professionals. Interdisciplinary collaboration: Geography is an inherently interdisciplinary field, and I believe that collaboration with faculty and students from other disciplines can enrich the learning experience. I will actively seek opportunities for interdisciplinary projects, seminars, and workshops that expose students to diverse perspectives and foster critical thinking and problem-solving skills. Continuous professional development: As an educator, I recognize that my own professional development is crucial for maintaining high teaching standards and ensuring my students' success. Over the next five years, I will pursue opportunities for further training and development, such as workshops, online courses, and certifications, to enhance my teaching capabilities and stay current with best practices in the field of geography. In summary, my vision for the next five years as a successful faculty member in Geography centers on creating a student-centric learning environment that nurtures curiosity, critical thinking, and practical skills. Through innovative teaching methodologies, active engagement with research, personalized mentoring, interdisciplinary collaboration, and a commitment to continuous professional development, I aim to inspire and empower my students to excel in their academic and professional pursuits.
Software Known for Research	ArcGIS, QGIS, Erdas imagine, Global Mapper, R Studio, Golden surfer, SPSS, GeoDa, GEE, Canva, Origin Lab etc.
Ongoing Research	 Navigating the Anthropocene: Assessment and Predictions of Air Quality using advanced time series forecasting models for effective environmental interventions in a class I Indian city.

	✚ Understanding the Influence of Women's Empowerment on Awareness and Prevention of Sexually Transmitted Diseases (STDs): a Spatial Analysis using NFHS-5 ✚ Gendered Time and Space: The Unequal Burden of Unpaid Work on Women's Self-Development in India Insight from Time Use Survey 2019.
